

Château de Barbe - Pourpre de Barbe

Château de Barbe enjoys unrivaled conditions, located on a terrace overlooking the Gironde. This proximity to the Gironde provides a microclimate favorable to the cultivation of vines. The property is home to 42 ha of Côtes de Bourg, 12 ha of Bordeaux and 13 ha of upper Bordeaux.

The nose is characterized by complex grilled and toasted notes, associated with spicier characters. Indeed, we find vanilla and hazelnut, which dominate while allowing the rather powerful ripe fruit to be perceived. The palate is just as expressive with a fleshy attack. There is a nice balance in the mid-palate showing power and character supported by good length.
