

## Château Victoria Cru Bourgeois Haut-Médoc Bordeaux

In Haut-Médoc on the edge of Saint-Estèphe, extend the vines of Châteaux Victoria, owned by the Richard family since 1989. Located on clay-sand plots of 20 hectares, the singularity of this cru bourgeois lies in its terroir small bass. A good name chosen for this castle whose style is reminiscent of the gentle way of life and the elegance of the England of yesteryear. Since 2014, the family has benefited from the advice of Eric Boissenot, renowned oenologist of many Médoc classified growths, to advance the vintage both in terms of viticulture as winemaking and breeding, etc.

### Tasting

This wine is both full and structured. We find silky tannins on the palate. The nose is complex with ripe fruit, spices and vanilla.
