

Le Grand Cerf

Vineyard

The Ménéton-Salon appellation is located in the heart of Berry, extending to the southwest of Sancerrois. We find the same grape varieties there, Sauvignon in white and Pinot Noir in red. This vintage is vinified by the Cave de Sancerre, which brings together nearly 80 winegrowers.

Winemaking

Traditional vinification with grape crushing, alcoholic and malolactic fermentation, aging for 1 year in stainless steel vats.

Tasting

A pretty Loire Pinot noir: Light ruby color. Nose of fresh fruit, cherry and plum. The palate is supple and light, without tannins, ending with notes of candied fruit.

It is eaten slightly chilled, around 14°C and is a delicious accompaniment to starters such as summer salads, poultry breasts, shallot flank steak or veal shank... without forgetting goat cheeses.

Alcohol 13°

L'abus d'alcool est dangereux pour la santé. À consommer avec modération. La consommation de boissons alcoolisées pendant la grossesse, même en faible quantité, peut avoir des conséquences graves sur la santé de l'enfant
