

## Domaine des roches Neuves

### Vineyard

Thierry Germain is one of the leading winegrowers of the Loire Valley and one of the pillars of organic and biodynamic farming. He created this vintage, which is not his property, but a purchase of grapes from certified organic partner winegrowers.

As at home, we are on the chalky subsoil called 'Tuffeau', a combination of sandy and clay-limestone soils which provide typicity, elegance and roundness.

Nice nose of small red fruits. The attack is frank and straight. Beautiful freshness on the palate.
