

Les Chataigniers

Vineyard

The Cellar Cooperative of Sancerre was founded in 1963. Over the years, it has grown and is the only cooperative in the appellation. The cellar brings together around a hundred winegrowers spread across the 14 villages of the appellation, and produces these Sancerre wines served on tables around the world. In fifty years of existence, the Cave des vins de Sancerre has been able to combine the tradition of winemaking with modern techniques.

Winemaking

Aging in thermoregulated stainless steel vats.

Tasting

A rosé with ruby reflections, a delicate nose of crushed strawberries, flowers and summer fruits. The palate is lively and fresh, with a cherry flavor, where the fruit pulp is marked and persistent on the finish.

It goes perfectly with cheeses and cold meats, but can have its place throughout the meal. It is consumed at 9°C

Alcohol: 13°

L'abus d'alcool est dangereux pour la santé. A consommer avec modération. La consommation de boissons alcoolisées pendant la grossesse, même en faible quantité, peut avoir des conséquences graves sur la santé de l'enfant
